Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our *I4S funding*, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Implementation Strategies included:

- The spending of employment of Teacher Aides and extra teacher hours to work with identified students on their learning areas of need for 2015 Naplan as identified by Naplan pre-tests and internal school monitoring data.
- The undertaking of Professional development in learning areas identified from analysis of previous Naplan test results and as identified in the Explicit Improvement Agenda
- The undertaking of Online modules in the teaching of Mathematics and Explicit Instruction.

The above were all undertaken in 2015.

- We increased the percentage of students achieving a 'C' standard or higher for English.
- While we did increase the percentage of students in Year 3 and Year 5 in NAPLAN Reading and in Year 3 Numeracy attaining an increase in the upper two bands (U2B)
